me: you know about this yet?
me: http://thepiratebay.se/torrent/7007130/
me: http://www.theatlanticwire.com/technology/2012/02/anonymous-hacked-fbi-conference-call-about-anonymous/48264/
me: we need these e-mails hosted with a search enginge
me: maybe Antiwar wants to host on their site?
BushwickBK.com: ooh let me call Eric
me: so people can search two years of e-mails from law firm that repped Haditha war criminal?
BushwickBK.com: they're only on a torrent right now?
me: I think
me: wait
BushwickBK.com: problem is it will be difficult to get Eric to understand what it means
BushwickBK.com: what's the risk if any?
me: risk?
BushwickBK.com: to Antiwar
me: can't think of any, other outlets have hosted Wikileaks e-mails, cables
me: like Guardian
BushwickBK.com: yeah true, the hack is done I suppose
me: god damnit
me: torrent link is 404 already
me: I think someone's fighting back
BushwickBK.com: yeah I just looked
me: don't worry, we're spreading by other means
BushwickBK.com: anything really good in them yet?
BushwickBK.com: I saw they were loling about the pissing in Afghanistan
me: new torrent that was put up:
